I (think) about going to the United States. I (want) to work there because there a lot of things to do related with my job. They (have) the best film industry in the whole world. It (be) Hollywood, located in Los Angeles. you (like) it? I (think) it must be a wonderful place.

You go there and visit the cinema studios. I (be) a filmmaker, so I (look) forward to work there. I (know) a lot of people who (want) to go, but maybe they (not know) that it (not be) so easy.

The flights (be) expensive and you stay for a long time unless you (have) a job permission. If I travel to the States, I miss the chance of meeting some people and give them my results.

Now, they (make) a lot of movies. This (be) a hard task. You make it if you (not be) a professional. The best filmmakers that I (know) (be), among others, Steven Spielberg, Quentin Tarantino, David Fincher and Alfonso Cuarón.

If you (go) to L.A you work in television, too. There(be) some extraordinary TV directors such as Peter Berg or Ryan Murphy. They (be) my favourites and they (work) in two ambitious projects right now: The Leftovers and American Horror Story. you imagine working with them? It (be) my dream, and sometimes the dreams (come) true. It (be) Hollywood, so it (make) sense!
