Life on Mars

Do you like science fiction? Then you'll love the new TV series, *Mars Adventure*. It's about a spaceship that's on a journey to Mars when something goes wrong. It's the year 3020 and Mars is now a regular holiday destination for space tourists. But this group of space tourists won't spend their holiday in a hotel on Mars! They'll be lost in space.

Mars Adventure is a brilliant programme and uses a lot of real scientific facts. Space expert Dr Colin Joseph says that it is very possible that people will be able to go on this type of holiday in the future. I hope they won't get lost like these people do.

Some of the world's most famous actors are in the series. The American actor Frank Gareth plays Captain Jeffers. He's a mysterious man who has got a lot of problems. It also stars the beautiful French actress Amelie Pascale as the rich businesswoman, Marina. We last saw her two years ago in the American blockbuster, *48 Hours*. This time she plays a clever businesswoman with a secret. She is trying to escape from the police but why? And what will happen to the spaceship in this first episode? What goes wrong? Who will be the hero? Watch the first episode on Channel 5 next Monday at 7.30 p.m. to find the answers. It's the first of twelve weekly episodes. And I think this will be the most popular TV series of the year.

Complete the sentences.

1. The TV programme *Mars Adventure* is about a spaceship that's travelling to ___Mars___ .
2. During the trip they become lost in ___space___ .
3. The space expert on the TV series is called ___Dr Colin Joseph___ .
4. The space expert thinks that space trips like this may happen in the ___future___ .
5. The French actress Amelie Pascale plays the part of a clever ___businesswoman___ .
6. She's trying to escape from the ___police___ .
7. There will be ___twelve___ weekly episodes.
8. The writer thinks that the TV series will be very ___popular___ .
